

CSkills Site Managers Safety Training Scheme (SMSTS)

£585 +VAT

5 Day course - flexible training arrangements

COURSE
4

The SMSTS health and safety training course is one of the most highly regarded training courses within the construction industry and is, taken by more than 10,000 people each year.

The SMSTS training course aims to develop a better understanding of the legal, moral and social responsibilities, and give guidance on how to manage health and safety on site in accordance with current legal provisions.

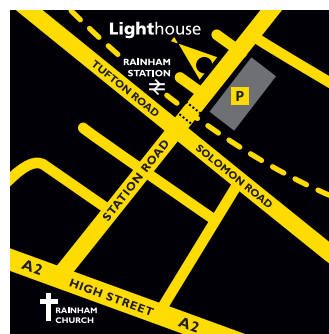

This course is ideal for personnel experienced in construction who wish to become site managers, agents, quantity surveyors, construction directors and project directors, or are about to be responsible for planning, organising, monitoring, controlling and administering groups of staff and workforce. This industry recognised training course is also ideal for individuals that need to meet the ever increasing demand for evidence of health and safety compliance.

COURSE COVERS:

- Site Set Up
- CDM Regulations
- Risk Assessment
- Method Statements
- Scaffolding
- Monitoring Health & Safety
